PROFESSIONAL EXPERIENCE

Senior Web Designer

DealerFire / DealerSocket | February 2015 – Present

- Designed up to 15 websites each month, including accurate redlines and rapid prototyping for the production team to ensure initial project vision
- Managed communication with new clients, the production team, and 3rd party vendors to ensure accurate and on-time launch of web products
- Managed Google AdSense campaigns for up to 100 clients each month
- Provided input on hiring practices, including but not limited to, designing and implementing training of new hires and continued training for design team members

Web Designer

DealerFire | June 2013 – February 2015

- Worked directly with clients to design websites by drafting initial mock-ups and quick revisions to ensure client approval
- Provided engineers with support to make sure vision is correctly translated to a production ready website
- Maintained constant communication with clients through-out each project
- Delivered designs that have boosted online automotive sales by over 50%
- Awards Won: Driving Sales Dealer Satisfaction Award, Pinnacle Top Rated SEO

Graphic Designer

DealerFire | August 2011 – June 2013

- Produced web and print graphics for over 1,000 automotive clients
- Served as first contact to clients needing website updates, online ad campaigns, and printed goods
- Communicated effectively with automotive dealership GMs, team members, and 3rd parties like Toyota, Ford, and Mercedes
- Built relationships with customers which resulted in continued business and multiple industry customer service awards

Internet Manager

Chandler Motorsports LLC | October 2010 – August 2011

- Designed and developed ebay listing themes for all company products
- Sourced suppliers for domestic and imported automotive parts
- Managed inventory system both offline and on our e-commerce platform
- Shipped products
- Handled all customer feedback and returned products

Front-End Developer

Coplex | October 2009 – August 2011

- Worked with celebrities, entrepreneurs, and designers to develop award winning websites
- Effectively helped in the growth of companies from start-ups to million dollar corporations
